

SafeLine Partner Seminar 2016

The biannual SafeLine Partner Seminar 2016 took place from the 29th of June to the 1st of July.

During the 3-day seminar the SafeLine team met with friends and business partners to discuss present and future business.

The first day of the seminar was held at the SafeLine Factory in Tyresö, Sweden, and included a factory tour which amongst others showed the new production lines and test machines. The following two days saw many presentations and conversations about new and coming products as well as talks about various technologies. This year's seminar welcomed a guest speaker from **Hydroware, Kjell Johansson**, who held an inspiring presentation on circular economy.

The seminar was closed with the traditional Partner Award ceremony. The winner of the award for *Best technical support* was **Bosch Service Solutions** which was also awarded for *Best marketing of the SafeLine brand*.

Masora AG received the award for *Fastest growth in sales of SafeLine products* and the award for *Widest SafeLine product range* was given to **Schmersal Belgium**. The SafeLine team congratulates all the award winners and wants to thank everybody who participated in the 3-day event helping to make it yet another successful Partner Seminar. **Thank you for letting us be your partner in lift safety.**

The SafeLine Group is one of the worlds largest emergency telephone manufacturer. We produce security products for lifts and our products follow all European requirements with a quickly improving technological development. SafeLine's goal is to always satisfy and meet the product needs of the industry. We are convinced that quality and innovation are the most important parts when it comes to lying a step ahead. We believe in applying new thinking and ideas to improve the way our costumers live and work.
